Join us, Thursday night, to find out more about the  
**Classified Staff Association**

We are a non-profit organization, exclusively for the purposes of promoting the interests of the classified staff employees of the MCCCCD.

Benefits of Membership:

The **Classified Staff Association** (CSA) actively works to promote shared governance, formulate policies, and fight for employees' rights.

**Legal assistance:** The CSA retains the services of Jim Barton of the Torres Law Group to help protect the employment rights of members.

**Political Action:** The CSA is working with the Faculty Association's PAC to elect governing board members and legislators who support workers and higher education.

**Lobbying:** The CSA will work with professional lobbying organizations to advocate for the interests of our members in governmental, legislative, and other forums.

**Low dues:** At \$15/month, the CSA's are lower than those of many other employee associations.

**With your help, we can have an organization for and by the  
Classified Staff of Maricopa.**
